NOTE 1.—This blank will be used for both enlistment and re-enlistment of volunteers, etc., etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given when back.  
NOTE 2.—An enlistment holds no service. A mustered soldier, in all cases, receives pay, bounty, pension, etc. A mustered soldier must, in all cases, be filed in the Adjutant General's Office as evidence of mustering. The recruiting officer, commanding company of mustered soldiers, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the recruiting officer.

Given at

Witness:

(A. O. O. No. 71 & 76.)

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-roll must, in all cases, precede payment of pay, bounty, pension, &c. A muster-roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The recruiting officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

about two hours before day.  
The mare was two year old

Capt. J. M. Hatch

Cavalry, 2<sup>nd</sup> Dist

Sir

I have the honor to respectfully report that last night between the 10<sup>th</sup> & 11 P.M. there was an attempt made on part of one Morgan a private of the 9<sup>th</sup> Laury M.D. Co. to escape from the Stockade Military Prison. He was fired on by the guard but succeeded in escaping from the stockade pursued by Private J. Reed Co. F. 43<sup>rd</sup> Mo. Inftry. Colo, and was killed while attempting to disarm his pursuer.

I would respectfully call your attention to the prompt and soldierly action of Private Reed in the emergency and also to members of the Guard and Co. Battery C. 2<sup>nd</sup> Mo. Arty for prompt assistance rendered at the time.

I took the liberty of increasing the Guard for the night to secure the remaining prisoners. Hoping my action may meet with your approbation I have the honor to submit the above report.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in the judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it. If the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b.*, &c., &c.; and to state particularly the disability, wound, or disease; the manner in which it deprives him of the use of any limb, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence of the soldier, his position of the organ, &c., &c., of the disability. In cases of discharges by Medical Inspectors, the last part will state that the "discharge was given by consent of the soldier after a personal examination, and for discharge, the nature, degree, and origin of which are correctly stated in the within certificate."

DIRECTIONS.

These certificates will be made out in duplicate by the soldier's company commander, or other officer commanding the company detached, to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will sign the certificate, and forward these papers to the Medical Department, or post commander, who will forward them, with the order ordered thereon, through the proper channels, to the Medical Department, or, if the troops are not attached to a regular establishment, to the corps, department, or other commander, to whom the authority to discharge enlisted men may be specially assigned. These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned to the surgeon who has charge of the hospital, post, or detachment, who will, if the discharge is granted by the commanding officer, sign the soldier's discharge, and the last part of this paper, for the soldier to be furnished with the same, and forward it to the Medical Department, or other authority to whom the authority to discharge enlisted men may be specially assigned. In all cases, they will not under any circumstances be given to the hands of the soldier.

— Michael O'Sullivan and others.

J. A. Hussey of Loughlin age  
being duty on some deposit and  
days

I am the owner and  
proprietor of the Hussey House  
in the village of Loughlin  
the house is situated near  
the River Loughlin O'Sullivan

About 12 O'clock last night  
I came to my house and  
demanded liquor. I told  
them I had none, and did  
not keep any in the house.  
They said I was a  
old liar. After that had re-  
fused that it several times  
I told them to leave the  
house, and picked up at the  
time a man came, which  
was the only reason I had  
in the house at the time. I  
recognized both of them. I  
was in uniform of Loughlin  
the other had a Loughlin coat

me but the balance of what he  
saying was trifling. They both  
said they belonged to Co. B  
1st Cav Regt. The soldier who  
gave his name as Nichol said  
the one who said he a man  
of them. The other who did  
not give his name drew his  
knife on me. and, and  
said come on if you want  
a fight. and then he was ready  
when I saw his eyes & saw hands  
missed. and both then  
with the woman who had  
formerly been killed as a slave  
boy. but now used as a  
baggage horse. I noticed  
them that that no longer  
when asked them their  
names, and to what Co.  
they belonged. They both replied  
that they belonged to Co. B  
1st Cav. One of them replied,  
and who was the man that  
gave me the name called me  
a liar & glared and said  
his name was Nichols  
I think

I would throw both of them  
in day-lights

Transportation

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable cause for pension, special care must be taken to state the degree of disability—*an d, s, c, &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, capacity to labor or earn his subsistence.

...or capacity to make a correct diagnosis. The Surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a careful examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1349 Regulations, Edit. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in duplicate by the soldier's commanding officer, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially ordered.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, one that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given in the hands of the soldier.
